

A romantic scene of a couple walking hand-in-hand on a sandy beach at sunset. The sky is a mix of soft pinks, oranges, and blues, with the sun low on the horizon. In the foreground, a large number of seagulls are gathered on the wet sand, their forms reflected in the shallow water. A large, semi-transparent white graphic, resembling a stylized 'W' or a series of overlapping squares, is centered over the image.

Employee Benefit Plan Audits

We audit Taft-Hartley Plans, 401(k), and 403(b) plans. These plans are both single-employer and multi-employer plans, with total plan assets ranging from under \$1 million to over \$200 million.

WCS understands the regulatory challenges of employee benefit plans. We provide our clients peace of mind by assisting them in complying with filing requirements; and providing recommendations for internal control improvements and discussions of best practices.

Our dedicated team of employee benefit plan professionals has in-depth technical knowledge of GAAP, ERISA and DOL requirements. The teams' vast experience allows them to quickly gain understanding and insight into your specific plan, providing increased audit efficiencies.

We work with and have continuous communication with your other employee benefit plan service providers, including third-party administrators, lawyers, actuaries and other consultants that work with your fund, which means that you get the best services possible.

We are proud to be an American Institute of CPAs (AICPA) Employee Benefit Plan Audit Quality Center member firm.

Our detail-oriented approach results in the timely filing of Form 5500s and Form 990s.

WCS Employee Benefit Plan Audit Services include:

- Audits of Health and Welfare Plans
