Services

 **WCS**
WEYRICH | CRONIN | SORRA

A light-colored dog, possibly a Weimaraner, is standing on a polished floor in a hospital hallway. The dog is looking towards the camera and is on a light blue leash. The background shows a blurred view of the hallway with blue walls and ceiling lights.

Healthcare Services

While you care for your patients, WCS Healthcare Division cares for your business. We provide healthcare professionals the proactive, in-depth accounting and business consulting services to keep you focused on your patients and not your financials.

We are a valued resource in the Mid-Atlantic region and work with many healthcare professionals, including Dentists, Physicians and Veterinarians.

We work with large practices and their practice managers, as well as solo practitioners to meet their practice and individual needs.

Our typical engagement involves a financial check-up of your practice twice a year. The financial check-up consists of reviewing various financial reports and matrix such as cash flow analysis, industry overhead/benchmarking, owner compensation/benefit models that will aid in the wellness of the practice.

WCS's Healthcare Team helps you monitor expenses, improve revenue and generate discussions concerning your practice management objectives and long-term goals. Tax planning is also a vital component of our

business consulting. We build strategies to benefit the practice owners and minimize the tax burden throughout the year and the lifetime of the practice.

For the wellness of your practice, we offer the following advisory services:

- Practice start-up/purchase or sale assistance
- Valuation consulting and cash flow analysis for practice mergers & acquisitions or expansions
- Budgeting for multiple office locations
- Industry benchmarking comparison
- Guidance on funding options for acquisitions or expansions
- Retirement funding options
- Facilitation of the financial transition that occurs when buying or selling a practice
- Monthly bookkeeping services or training – QuickBooks online
- Federal, state and local tax return planning and preparation
- Succession planning

About WCS

WCS has offices in Hunt Valley, Bel Air and Elkton, Maryland. Over the years, the firm has expanded its range of services beyond the traditional tax, accounting and consulting services to include niche groups that specialize in investigative accounting, non-profit organizations, construction and real estate, governmental, employee benefit plans and healthcare practices.

While the firm has grown and changed, the mission of providing the highest quality business consulting, tax and accounting services, delivered with close, personal attention, remains the same as it was over 40 years ago.
